Takes Place at Shaarei Tikvah

Join Us on Tisha B'Av...

...The day of destruction commemorated by Jews

Recent attacks against African Americans and police officers have caused a rupture in our country's soul.

Gather with members of Westchester synagogues and churches to discuss the brokenness we face in America.

We will connect around our shared values and offer "ahavat chinam", boundless love, to counter the fear and hate that has spread during this troubling time.
